

MARK

Strong lines, high quality materials and finely sculpted angles increase the level of comfort and relaxation with the Mark collection. Whether in communal or individual work spaces, in meeting or waiting areas, at the managerial or the team level – The Mark can be adapted as desired to any situation. The modular design enables the creation of a variety of different settings, tailored to a variety of needs. Be it an informal exchange, work meeting or coffee break, all communication forms flow freely here.

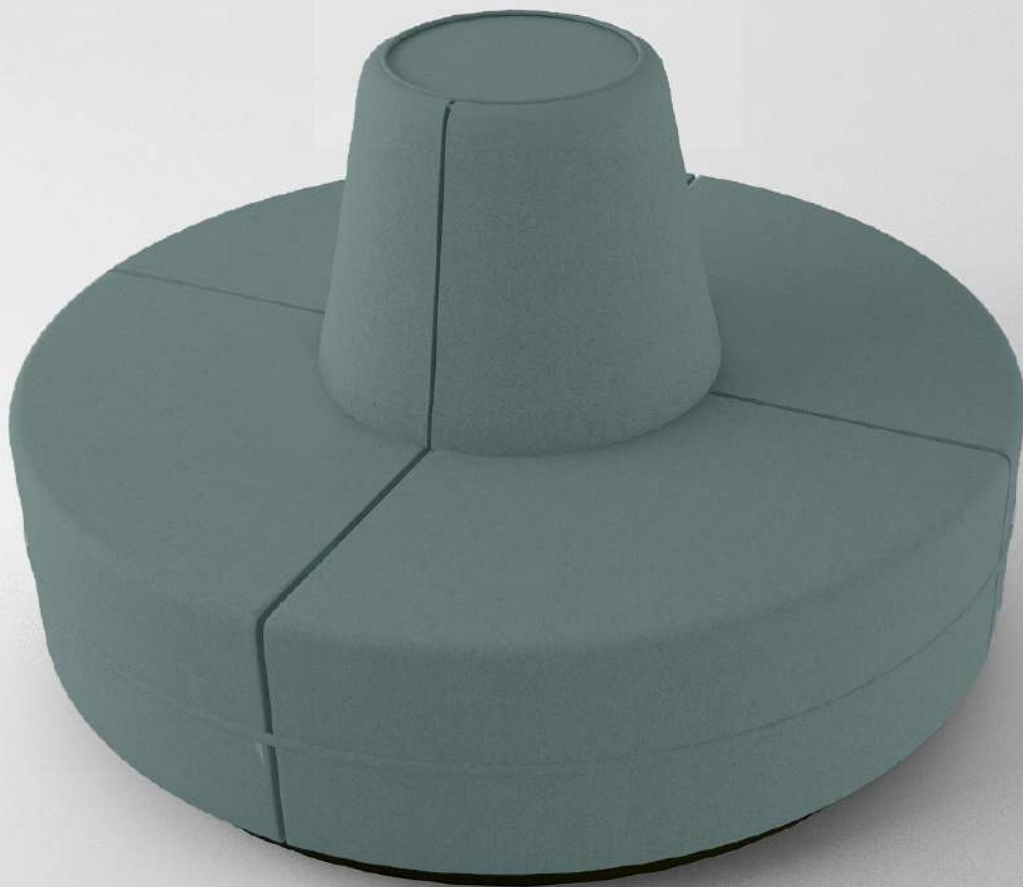

MARK

With sturdy construction and soft upholstery, it provides comfort for hours, and the double-sided seating ensures plenty of room for multiple people to sit and relax.

Mark's collection is extended with the round Mark, a lounge system providing almost unlimited options, constructed using the smallest possible number of modules. Where ordinary sofas are usually rectangular, square and predictable, round Mark offers the architectural and design freedom to either challenge or adhere to all types of space.
